iPad Activation Instructions

1. When you receive your iPad and first turn it on, you will come to a white screen asking you to select a language. Please select "English" from the list.

2. On the next page select "United States" as your country or region.

3. On the next page it is important for you to **select "Set up manually"** at the bottom of the page.

4. Choose the wifi network you are logging in on (this is most likely your home network) and enter the password for the network. (When you are on campus, your device is configured to automatically connect to Berean's Student Network).

5. The next screen is entitled "Remote Management". Click on the "next" at the top right on the screen.

6. Sign in with your school Google/Gmail account (lastnamefirstnameyear@bereanchristian.com).

7. Click "next". Enter the password for your Google account.

8. On the next screen click on "Enroll this device". Select "Set up Touch ID later"

9. Create a passcode for your screen. **Please write this down so you do not forget it**.

10. Location services page = Click on "**Enable Location Services**"

11. Choose which appearance you prefer.

12. Click "continue". You are now set up to use your iPad. If you turn off your iPad, you will need to type in your passcode to get to the home screen.
